As you have asked, how the school money should be spent, here are our suggestions.

On the last meeting of our class, we have discussed what important things should be done in our school. We have realized, that the school library is pretty small and doesn't have many books in its shelves, so we would be happy, if it's possible, to extend the library and buy more books. Maybe some books on other languages would be great too, so that it would be easier to learn a language, or just to read the original version of the book.

Also it's a fact, that our technical resources are pretty bad. For example the computers in our school are very old and slow. Because of this many students who don't have a computer at home can't do their homework or research something.

We, as students of this school, would love, if some of our suggestions could be brought to reality.
Greetings.
