Dear Principle,

We glad you let our school to help you in realisation of the project.

I would recommend you to start with the library. It will be really necessary project for our school and society.

First of all, I would suggest to bring lots of books in this place. Many other companies want to work with school, so you need to buy some books from the other international library, which has multicultural literature.

The second propose, that I strongly recommend you to pay attention, is resources's upgrade. The new library needs more new technologies like computers and a good Internet. I would propose you to contact with the National Collage of the Technologies to get some computers.

Thank you for attention. Our class hope that this propose can improve the library.
