Our class was asked to suggest the way how the money should be spent and our class has decided that it could be useful to improve our library, to buy more books, to upgrade resources.

Firstly, we want to say that library is the most useful resource of knowledge in school time. Sometimes we need to take a book from there to improve our knowledge. Books usually help us to stay educated and intelligent. Internet can't always give us information which is always the truth, so as I said before, in this situation we also go to the library.

Also we think that our library has got a bit old information in it. We need to upgrade resources and buy new books with fresh and clear information.

We hope you will agree with us!

Thank you
